

New EU-funded opportunity for green energy companies in Korea

23 Apr. 2018

European companies specialised in **technologies, products, equipment and devices** related to the [green energy](#) [1] industry are invited to apply to the upcoming EU Gateway | Business Avenues mission to Korea. This EU-funded mission is scheduled from **21-25 January 2019**, in **Seoul**.

Up to 50 selected companies will profit from **market intelligence, coaching delivered by professionals, business matchmaking and promotion in the Korea market**. During a **2-day exhibition** attended by potential partners or distributors, companies will have personal booth to display their technologies and services, and a **personal interpreter** to support them during one-on-one meetings.

Additional services also include **translation of promotional material into Korean**, and **personal interpreter for ad-hoc meetings**.

For further information about the timing of events and application procedure, [download the business mission information](#) [2] and contact the coaching network at coaching.network@eu-gateway.eu [3].

Funded by the
European Union
