

# Information & Communication Technologies | Singapore & Thailand

INFORMATION &  
COMMUNICATION  
TECHNOLOGIES

FROM  
08 JUN. 2020 TO 13 JUN. 2020

Deadline: 21 Feb. 2020

From 8 to 13 June 2020, the new EU Gateway | Business Avenues mission to South East Asia for [Information & Communication Technologies](#) [1] will take 50 of the most disruptive tech companies from Europe to Singapore & Thailand.

For the companies enrolled in the programme, this EU-funded initiative means more than just attendance to the business mission week.

Participants receive personalised business coaching, are promoted on the local Asian markets and are also supported in the matchmaking process, which ensures they get to **meet only relevant business partners and clients**.

Read the [business mission information](#) [2] document on the side to get more details about the mission.

For further support on the application process, please get in touch with us at [coaching.network@eu-gateway.eu](mailto:coaching.network@eu-gateway.eu) [3].

Funded by the  
European Union
