

Healthcare & Medical Technologies | Indonesia & Singapore

FROM
06 SEP. 2020 TO 11 SEP. 2020

Deadline: 30 Apr. 2020

In 2020, the EU Gateway | Business Avenues mission in [Healthcare & Medical Technologies](#) [1] to South East Asia will take place from **6 to 11 September**.

Singapore & Indonesia are the markets targeted for this mission, thanks to the growth opportunities available for foreign companies.

The 50 European companies selected for the EU-funded business mission will travel to the two markets for the weeklong event, which includes networking events, a site visit and participation in South East Asia's biggest industry event, Medical Fair Asia 2020.

It's a valuable opportunity for any company interested in expanding to South East Asia given the extensive **logistical and financial** support offered.

Through our matchmaking process, participants will meet targeted local prospects that can then become **new clients and partners**.

To find out more details about this EU-funded opportunity, download the [business mission information](#) [2] and **apply before 30 April 2020**.

For support on the application process, contact coaching.network@eu-gateway.eu [3].

Funded by the
European Union
