

Environment & Water Technologies | Korea

FROM
21 SEP. 2020 TO 25 SEP. 2020

Deadline: 15 May. 2020

The 2020 EU Gateway | Business Avenues mission to the Republic of Korea for [Environment & Water Technologies](#) [1] companies will take place from 21 to 25 September 2020.

It is an opportunity for 50 European companies to benefit from an EU-funded programme that will help them **bring their products and services onto the Korean market**.

The programme provides continuous support at all stages, making sure all participants reap the benefits of the programme and **start establishing long lasting business collaborations in Korea**.

Before the mission week, participant companies receive business coaching and a market study, specially designed for companies looking to expand to Korea.

They are also assisted in the business matchmaking process and are promoted to highly targeted local audiences.

Read the [business mission information](#) [2] document to get more details about the mission.

Apply before 15 May 2020.

For further support on the application process, please get in touch with us at coaching.network@eu-gateway.eu [3].

Funded by the
European Union
