

# Smooth pathway to the Republic of Korea with EU Gateway | Business Avenues

10 Dec. 2020

Want to know how hundreds of companies joined forces with **EU Gateway | Business Avenues to access the Korean market?**

18 EU-funded business missions organised since 2016 helped these companies secure long-lasting business collaborations with key contacts in the sectors of from Green Energy Technologies, Healthcare & Medical Technologies, Environment & Water Technologies, Contemporary European Design and Organic Food & Beverage

Regardless of the sector they are active in, the opportunity knocked on the door of **more than 784 European companies from all 27 EU Member States.**

The business missions not only ensured visibility and tangible results for these companies but also transformed the 5 sectors for good. The Programme helped create **over 1400 new jobs in Europe** to match a growing demand from Korean customers and contributed to significant growth in

turnover for the participants.

While the results are already clear to see, the programme is set to have a long-lasting impact on the European economy in years to come. Here is an [overview of the results](#) [1].
